

FOR IMMEDIATE RELEASE

Godiva Salon Doubles Space on Second Floor of Peach Shopping Plaza

Media contact: Thomas Smith 404-659-0919 or Thomas@newaboa.com

April 21, 2009 (Atlanta, GA) Godiva Salon recently moved to a new location at 2900 Peachtree Rd., suite 208, at The Peach Shopping Plaza in the heart of Atlanta's Buckhead neighborhood. The new salon is just two doors down from their previous location.

Some of the unique features of the 2500 square foot Boutique Salon include a Wash House with aromatherapy, designed to elevate the favorite part of the guest visit (the shampoo) to a new level. A Color Bar with more than 18 different color techniques and cut/design stations, including state-of-the-art equipment such as the Freestyle Drying System.

"I was looking for a space that would provide a brighter, more open and free flowing feel for our clientele and employees as well as an opportunity for growth, which I fully anticipate and as I look at what has transpired since our move, I couldn't be more pleased with this choice in a new salon location," said Tony Promiscuo, owner and International speaker. "I believe with the Wash House, Color Bar and cut/design stations, we will be creating a salon experience unlike anywhere else in Atlanta.

Promiscuo added that the customers he has talked to thus far say the salon possesses an "international and sophisticated flair" that one would find in other world class cities known for their cutting-edge fashion, style and design.

Godiva Salon is in its 29th year of business, providing a range of services such as Thermal Reconditioning, Hair Extensions and a full menu of options for Brides and their Bridal parties.

The 11-person staff brings an uncompromising commitment to quality and service and thus is why the salon is recognized as one of Atlanta's best. They specialize in offering a thorough bone structure and face shape analysis to meet the individualized needs of each customer.
